Stretching Instructions

Stretching exercises should begin the day after treatment. Please perform stretches when baby is most content. Make sure fingernails are well trimmed and hands are clean before starting exercises. If you have any questions please don't hesitate to call our office at 406-752-1107.

LIP

Sit with baby on floor or lap with head closest to you. Lift upper lip to a 90 degree angle to see diamond shape healing site. It is important to visualize the diamond shape healing site to make sure exercises are being done properly. Sweep your finger side-to-side two times over healing site. Perform these exercises **3x per day for 3 weeks**.

TONGUE
